***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-9, 11, 15-18, 21 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. For claims 1 and 21, it is unclear how the L-shape brackets can be both integrally formed with the plastic table top as well as be separate and distinct from it. (Are the separate and distinct members the angle irons? If so, what about claims 4-6 and 22 which positively claim the angle iron member(s)?). For claims 15 and 16, it is unclear how the bottom portion is different from the base previously claimed.

***Allowable Subject Matter***

Claims 12, 14, 19, 20, 23 and 24 are allowed.

Claims 1 and 21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-9, 11, 15-18 and 22 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments, filed June 19, 2006, with respect to the 103 art rejection over McGraw in view of McBrayer et al have been fully considered and are persuasive. Therefore, this rejection has been withdrawn. However, some of the wording added to the claims in order to overcome this art rejection has created several 112 second paragraph rejections (see above).

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
